

Car Park Coach Access Procedures V2025-1

Page 1 of 1

Car Park Coach Access Procedures

This policy covers peer observations of activity sessions.

Action

Groups must notify BCAC if they intend to bring coaches to site. Minibuses or midi sized coaches are recommended but large coaches will fit. No double decker or articulated buses.

BCAC cannot guarantee that the car park will be sufficiently clear to allow coaches to enter and turn with ease.

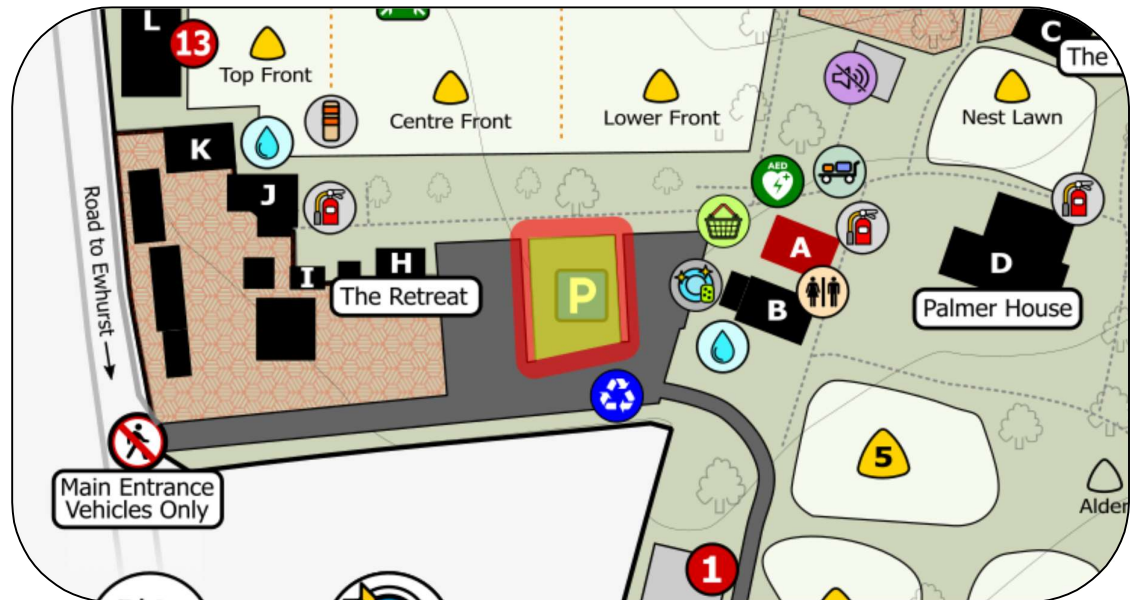

Groups must provide coach companies with our coach instructions PDF and ensure this is followed. Arrival and departure can only be made along Hound House road from/to the South. <https://www.bentleycopse.org.uk/booking/downloads/>

The Surrey County Council roadwork map should be referred to. <https://www.surreycc.gov.uk/roads-and-transport/roadworks-and-maintenance/roadworks>

Coaches may access the main car park only. They cannot use the site track through the site or enter or exit the site via the event gate at the South West. They will not fit!

When coaches are expected, BCAC staff will:

- Request all groups clear the central car park bay.
- Provide road cones for blocking off the central car park bay
